APPENDIX I

EASTWEST DOLLAR INTERMEDIATE TERM BOND FUND
FUND SPECIFICATIONS

I. Investment Objective

The **EASTWEST DOLLAR INTERMEDIATE TERM BOND FUND** (the “Fund”) is a USD-denominated Fixed Income fund that intends to provide its participants the potential to earn enhanced intermediate-term returns by investing in sovereign bonds issued by the Republic of the Philippines and other countries, corporate notes and bonds, term deposits and other tradable instruments. The Fund has a weighted average portfolio life of between one (1) to three (3) years. Outside of the context of a portfolio, it is suitable for investors seeking capital growth over an investment time horizon of at least three (3) years through a managed portfolio of fixed-income instruments.

The Benchmark: The Fund’s benchmark is EM USD Aggregate Philippine Sovereign 1-3 Index (I35423 Index)

- Description of the Benchmark
 - o The Bloomberg EM USD Aggregate Philippine Sovereign 1-3 Index tracks dollar-denominated sovereign bonds issued by the Republic of the Philippines, the remaining life of which shall be between an intermediate period of 1-3 Years. The aim of the benchmark is to represent the performance of the Philippine sovereign debt market in US dollars. (Source: Bloomberg)
- Key Characteristic of the Benchmark
 - o The Bloomberg EM USD Aggregate Philippine Sovereign 1-3 Index consists of US Dollar denominated bonds that have a maturity within a 1-3 Year period. It is a Total Returns Benchmark, but its returns are not net of taxes.
- Use of the Benchmark
 - o The Fund is designed for Moderate-Risk appetite investors looking for returns on their investments through capital appreciation by investing in a managed dollar-denominated fund with an investment time horizon of at least three (3) years. The benchmark would be a comparable metric given it measures the performance of the same type of instruments, and tenors that the fund plans to invest in. The benchmark would give a comparable measure for the portfolio.
 - o The Fund aims to exceed the returns of the benchmark.
 - o There are immaterial misalignments between the Fund and the benchmark since the benchmark is not net of taxes. This can cause a difference between the returns of the funds compared to the returns of the benchmark.
- Sources for more detailed information
 - o Bloomberg. For additional information on the benchmark, investors may send an email to Bloomberg via indexhelp@bloomberg.net.
 - o Additional information on the benchmark and/or its administrator can be made available to the investors upon request.

II. Investment Policy

- A.** Pursuant to the foregoing objectives, the Fund is structured as a Fixed Income fund in compliance with Section 403 and 414 of the Manual of Regulations for Banks (MORB).
- B.** Pursuant to the foregoing objectives, the Fund may be invested and reinvested in:
1. Securities issued by or guaranteed by the Philippine government, or the BSP (BSP);
 2. Marketable fixed income securities issued or guaranteed by corporations and traded in an organized exchange;
 3. Securities issued or guaranteed by any government of a foreign country or any political subdivision of a foreign country;
 4. Securities issued or guaranteed by any supranational entity;

5. Loans traded in an organized exchange;
6. Savings/Checking accounts and/or time deposits in any bank or financial institution, including East West Bank provided that the principle of best execution shall be observed at all times and no bookings shall be made with related counterparties without considering at least two (2) competitive quotes from other sources as provided in Section 414 of the MORB;
7. Such other tradable investment outlets/categories as the BSP may allow.

The Fund may avail of financial derivative instruments from time to time solely for the purpose of hedging risk exposures of the existing investments of the Fund in accordance with the Bank's risk management and hedging policy duly approved by the Trust Committee.

- C. The exposure of the Trust Fund to any entity and its related parties shall not exceed fifteen percent (15%) of its market value, pursuant to Section 414 of the MORB. This exposure limit, however, shall not apply to non-risk assets as defined by the BSP. In case of a breach in the regulatory limit due to marking-to-market of certain investments or unusual circumstances such as abnormal redemptions, the Trustee is given thirty (30) days to correct such breach.

III. Qualified Participants: Requirements and Restrictions

- A. Participation in the Fund shall be open to all individuals of legal age and corporations who have satisfied the Trustee's Client Suitability Assessment with an intermediate term investment horizon. These participants should be willing to stay invested in the Fund for at least thirty (30) calendar days.
- B. ***Risk profile of participants suitable to invest in the Fund: Moderate.*** The Fund is designed for Moderate-Risk appetite investors looking for returns on their investments through capital appreciation by investing in a managed dollar-denominated fund with an investment time horizon of at least three (3) years.

C. Risk Factors

Prospective investors need to consider certain risks prior to participation in the Fund. The market value of the investment is based on the Net Asset Value per unit (NAVpU) of the Fund which uses a marked-to-market valuation and therefore may fluctuate daily. Investment in a UITF does not provide guaranteed returns. Principal and earnings from investment in the Fund can be lost in whole or in part when the NAVpU at the time of redemption is lower than the NAVpU at the time of participation.

Participation in this USD-denominated intermediate-term fixed income fund carry the following risks:

- **Interest Rate Risk.** The value of fixed-income investments such as notes and bonds generally fall when interest rates rise. The potential for loss is typically greater for securities that have a longer term to maturity, have a longer duration or have a lower yield or coupon rate.
- **Reinvestment Rate Risk.** This is the risk that interest earnings, or the proceeds from the sale or maturity of a bond investment, is reinvested at a rate lower than its original investment, thus reducing the investor's periodic income.
- **Credit Risk.** This is the possibility for an investor to experience losses due to a borrower's failure to pay principal and/or interest in a timely manner. Bonds represent a loan made to the issuer of the bond. The credit worthiness of the bond issuer is the issuer's ability to pay interest and principal on time, which can change during the life of the bond. Issuers with a higher risk of defaulting pay the highest yields.
- **Foreign Exchange Risk.** Foreign exchange risk exists when investments are made in securities that are denominated in a currency that is different from the one spent. For example, the earnings of a USD-denominated bond investment could be reduced or even negated by an appreciation of the Philippine Peso vis-à-vis the US Dollar.
- **Market Risk.** Market Risk is the possibility for an investor to experience losses due to changes in market prices of securities. It is the risk of a UITF to lose value due to a decline in the prices of securities, which may sometimes happen rapidly or unexpectedly. There are market factors affecting all securities that cannot be controlled by diversification, such as the sentiment of investors as a whole which is unpredictable. Market downturns can come swiftly and last a long time.
- **Liquidity Risk.** Liquidity is a measure of how easy it is for a security to be converted into cash. A liquid security is widely held and is frequently traded by many buyers and sellers every day. Liquidity risk is minimized by investing in marketable securities.
- **Inflation Risk.** Inflation is the general upward price movement of goods or services in an economy, resulting to a reduction in the purchasing power of money. Inflation affects all investments. An investor would want the value of his investment to keep pace or exceed the rate by which the prices of goods and services go up. Historically, inflation risk is greatest for short-term guaranteed securities like time deposits and treasury bills.

- **Country/ Political Risk.** Securities can be affected by the political, economic and social structures within the countries of their issuers, such as internal and external conflicts, currency devaluations, foreign ownership limitations, trading costs, tax increases, and other changes in regulations.
- **Other Risks.** Participation in the UITF may be further exposed to the risk of any actual or potential conflicts of interest relative to in-house transactions by the Trustee.

IV. Admission and Redemption (Art. III)

A. Policies of Admission and Redemption.

1. **Minimum Initial Participation.** The minimum amount of initial participation/contribution is U S D 2,000.00. There is no minimum amount for succeeding investments and there is no required minimum maintaining participation.
2. **Minimum Holding Period.** The minimum holding period of the participation is thirty (30) calendar days from the date of participation.

4. **Admission and Redemption Cut-off Time.** Admission and/or notice of redemption may be accepted on any banking day subject to a 12:00 noon cut-off time. Admission/notice of redemption received after the cut-off time shall be considered as transaction for the next banking day. The cut-off time may be amended by the Trustee subject to Article IX, Section 1 of the Plan.
5. **Admission and Redemption Prices.** Admission and redemption prices shall be based on the prevailing market value of underlying investments of the Fund at that time, in accordance with existing BSP rules and regulations on marking to market valuation of investment instruments.

B. Redemption Requirements and Conditions.

Redemption shall also be subject to the following requirements/conditions:

1. **Redemption Notice Period.** The participant in the Fund may redeem its participation on any banking day provided that notice of redemption, in any form acceptable to the Trustee, is acknowledged/received by the Trustee at least ONE (1) banking day prior to settlement. Requests for redemption shall be dealt with by the Trustee in chronological order according to the day that notice is received. Such conditions are also applicable for partial redemptions.
2. **Redemption Proceeds.** Proceeds of full or partial redemption shall be paid out of the Fund on the redemption settlement date of three (3) banking days after transaction date. The NAVpU on the transaction date shall be used to compute the value of the redeemed units.
3. **Early Redemption Fee.** An early redemption fee of USD10.00 or 0.25% of the redemption proceeds, whichever is higher, shall be charged to the concerned Participant in case of redemption prior to the completion or lapse of the minimum holding period. Such fee shall form part of the Fund.
4. **Policy for Partial Redemption.** A new Confirmation Notice reflecting the NAVpU at the time of original contribution will be issued to the participant for the remaining unredeemed units. There is no need to compute for the NAVpU on the remaining unredeemed participation since it will not be affected by the partial redemption.
5. **Documentation.** Redemption from the Fund, whether partial or full, shall be documented by a Confirmation Notice, a copy of which shall be provided to the client after the redemption has been posted, or within three (3) banking days from transaction date.

C. Suspension of Admission and Redemptions.

The Trustee of the Fund may temporarily suspend calculation of the NAV/NAVpU of the Fund, as well as admission to and redemption from the Fund, if it is unable to determine the NAVpU of the Fund due to any fortuitous event, such as fire, natural calamity, public disorder, or national emergency affecting the financial market resulting in the suspension of trading and consequently, the absence of available market prices of

securities/instruments.

V. NAVpU

1. All assets of the Fund shall be marked to market daily in accordance with existing BSP rules and regulations on marking to market valuation of investment instruments.
2. Valuation Day shall mean any day in which banks are open for business in Manila.
3. The value of the NAVPu at the start of Fund's operation shall be: USD100.00.
4. The NAVpU of the fund shall be computed daily after cut-off time and be made available to investors by 6:30PM of the same day, or immediately after determination should there be any delay in obtaining the mark-to-market price/s for the Fund's investment/s.

VI. Fees

- A.** The Trustee shall collect from the Fund a trust fee of zero-point fifty percent (0.50%) per annum based on NAV of the Fund which shall be accrued daily and shall be collectible from the Fund at the end of each month.
- B.** Other fees such as accredited third-party custodian fees and external audit fees shall also be collected from the fund, which shall be disclosed quarterly in the KIIDs.

The interest, fees, charges, and penalties of this Fund may change over time, subject to the notice requirements under this Plan and other requirements, as prescribed by the BSP and other regulations.

VII. Other Terms Conditions

Investment in securities of the Fund shall be held for safekeeping by the bank's third party custodian, HSBC or other BSP accredited third party custodian that may be assigned by the Trustee in the future. The third-party custodian shall perform independent marking-to- market of such securities.
